🧩 PROFESSIONAL SUMMARY

A passionate and detail-driven **Frontend Web Developer** with strong expertise in building modern, responsive, and dynamic web applications. Skilled in developing **React.js-based projects** with seamless **state and data management using Redux Toolkit**, ensuring maintainable and scalable architecture.

Proficient in **JavaScript (ES6+, OOP, DOM manipulation, asynchronous programming, and modular code structure)**, with solid experience in integrating **RESTful APIs** using **Axios**, **Fetch API**, and **React Query (TanStack)** to create interactive and real-time data-driven interfaces.

Adept at designing fully **responsive layouts** using **CSS3**, **Tailwind CSS**, **Bootstrap**, and **SCSS (SASS)**, delivering smooth cross-platform experiences. Currently expanding skills in **Next.js (basic)** for server-side rendering and **Node.js (learning)** to build full-stack development capabilities. Focused on writing clean, optimized, and maintainable code that blends performance with elegant UI/UX design.

💡 Technical Skills

- **Languages:** HTML, CSS, JavaScript (ES6+, OOP, DOM, Async Programming)

- **Frontend Libraries & Frameworks:** React.js, Tailwind CSS, Bootstrap, SASS (SCSS)

- **State & Data Management :** Redux Toolkit (createSlice, createAsyncThunk), Context API

- **API Handling & Data Fetching:** Fetch API, Axios, Redux Toolkit (Async Thunks), React Query (TanStack), RESTful APIs integration, Real-time data fetching with Firebase.

- **Design & Development Tools:** VS Code, Git, GitHub, Figma

- **Backend & Database (Basic Knowledge):** Firebase (Auth, Firestore), Node.js (learning).

- **Currently Learning:** Next.js and Node.js

🛠️ Projects

🛒 Shop.co – E-commerce Website

A full-featured e-commerce platform built with **React.js**, **Tailwind CSS**, and **Firebase**. Implemented **dynamic routing**, **secure authentication**, and **Add-to-Cart** functionality with real-time updates. The platform ensures a smooth user experience with optimized performance and responsive design.
Tech Stack: React.js, Tailwind CSS, Firebase
 Key Highlights:

- Firebase Authentication for secure user login
- Real-time product management and cart system
- Fully responsive and scalable architecture

🌦️ Weather App

A real-time weather tracking application built with **React.js**, **Tailwind CSS**, and a **third-party weather API**. Displays accurate weather conditions for any location with a modern and responsive design.
Tech Stack: React.js, Tailwind CSS, OpenWeather API

 Key Highlights:

- Real-time API integration for live weather data
- Search functionality with dynamic rendering
- Clean, mobile-friendly interface

✅ To-Do App

A minimalist and efficient **task management app** designed to help users plan and organize daily activities.Developed using **React.js** and **Tailwind CSS**, focusing on simplicity and speed.

Tech Stack: React.js, Tailwind CSS

 Key Highlights:

- Add, edit, and delete tasks dynamically
- Persistent local storage for data retention

🌐 Portfolio Website

A modern and fully responsive personal portfolio built with **React** and **Tailwind CSS** to showcase my projects and skills. Integrated **Firebase Firestore** to dynamically store and display project data, ensuring scalability and real-time updates. The site includes smooth scrolling, project filtering, and an interactive contact form for seamless user experience.

Tech Stack: React.js, Tailwind CSS, Firebase (Firestore, Hosting)

🎨 Noxia Graphic – Creative Agency Landing Page

A visually engaging **agency landing page** crafted with **Vanilla JavaScript** and **SASS (SCSS)**.Designed with a modern layout, clean typography, and smooth transitions to create a professional digital presence.

Tech Stack: JavaScript, SASS (SCSS)

 Key Highlights:

- Pixel-perfect modern design
- Interactive sections with smooth animations
- Built for brand showcase and conversion optimization

📚 Education

Bachelor of Arts (Hons.) in Philosophy
 Chowmuhani Govt. S.A. College, Noakhali
 1st Year Ongoing

🧠 Soft Skill

- Quick learner and highly adaptive

- Eye for design and UI consistency

- Organized and deadline-focused

🗣️ Languages

- Bengali (Native)
- English(intermediate)
